## BRIDGE BRINGS OUT CROWD.

Despite the stormiest weather of the season over 125 friends were in attendance at the bridge and 500 given at the home of Mr. and Mrs. George Wagner, Eighteenth avenue and Twenty-second street, last evening.

Mrs. Wagner had made her attractive home doubly merry for her guests and the merry company forgot all else in enjoyment of the occasion and the true hospitality shown. The games started at 8:30 and 35 tables were surrounded, these in charge of ladies of the Villa guild, who were assistant hostesses. At 10:30 a delicious lunch was served. Prizes were given at each table.

Nothing that the guild has undertaken so far this year proved to be of a more thoroughly social nature and the company was enthusiastic over the good time indulged. About \$75 was the result of the affair and this goes to augment the fund for the infirmary to be built on the grounds of Villa de Chantal. Another function is being planned for the near future and friends are looking forward to its definite announcement.

# HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: I have a lady friend that I have corresponded with for two years and a half. During this time she has been keeping company with another fellow and so I have not expected to get her company as long as she went with him although she encouraged me in her letters. She said that things would come my way by and by.

This fellow has quit going with her now and is engaged to another girl, and so I wrote to her and asked for her steady company. She wrote back and said that she did not want to keep steady company with anyone for a while. She said she had quite a few friends and she wanted to go with all of them. She wants me to wait a year, because by that time she will be settled down, and if she is still single and I want it I can have her company.

During our correspondence it would be three or four months before she would answer my letters. I love this girl very much and would do almost anything to get her company. I would be willing to wait a year if I knew I could get her then.

Would you wait, or would you give her up? There are other girls I can get, but none of them suits me as well as this one. If you can give me any advice I will be very thankful.

A LONELY BOY.  
The best way to get it is to make her feel that she has lost you. Go with other girls and stop writing to her regularly. If you follow this course I feel sure that you can have the girl without competition within a year.

Dear Mrs. Thompson: (1) Is it necessary to have attendants when one is going to be married in a suit and out of town?

(2) Does the bride have to carry flowers?

(3) When there is no ring ceremony is the ring placed on the bride's finger before going to the parsonage or after the ceremony?

(4) Should gloves be worn during the service or not?

ANXIOUS.  
(1) It is not necessary to have attendants, but it is necessary to have two witnesses. The minister will furnish them if you ask him to.

In two weeks by Mrs. John Rosenthal, 708 Ninth avenue.

## BETHESDA CIRCLE WITH MRS. JOHNSON.

Bethesda circle was entertained yesterday afternoon by Mrs. C. E. Johnson at her home, 331 Fifteenth street, a company of 40 ladies enjoying a pleasant time. They brought their fancy work to occupy the time and the hostess served a delicious lunch. The proceeds of the afternoon will go towards a fund being raised with which to furnish a room in the new Lutheran hospital in Moline. The next meeting, Dec. 16, will be in the home of Mrs. Martin Rudgren.

## CLEAR \$225 AT SALE AND SUPPER.

The ladies of the First Baptist church conducted a very successful bazaar and supper yesterday afternoon and evening in the church dining room, clearing over \$225. In the evening a supper was served, many people coming for the evening meal.

The ladies yesterday had their fancy work and sewed at that, the work being followed by a social time when lunch was served.

(3) The ring is placed on the finger as soon as they have been made man and wife.  
(4) It doesn't matter when the couple is married so informally. If the left hand is bare it is easier to put on the ring.

Dear Mrs. Thompson: (1) I am to be married the first of the year. Would it be all right to have one ring for an engagement and wedding ring?

(2) If so, when should it be worn first?

(3) Is a diamond ever used for a wedding ring?

(4) What would you suggest? We do not wish to have two rings, as we prefer to use the money for other things.

ENGAGED.  
(1) It would be all right to have one ring, but it would not serve for both.

(2) If it is a diamond it should be worn right away, and if it is a gold band it should be worn after the wedding.

(3) No.

(4) Have a wedding ring, a gold band. It will be less expensive than a diamond, and it will symbolize more because marriage is of greater significance than engagement.

Dear Mrs. Thompson: I am a boy 16 years old and am about six feet tall, weighing 130 pounds.

(1) How can I increase my weight?

(2) When I take a girl home from anywhere (a dance, football game or entertainment) and she thanks me for taking her, what should I say?

THANK YOU.

(1) Take systematic exercise at a gymnasium (the Y. M. C. A. gymnasium for instance) to develop your figure. Eat wholesome food and sleep eight hours a night with your windows open.

(2) Say, "The pleasure was mine."

# HOUSEHOLD HINTS

## THINGS WORTH KNOWING.

Peach stains will yield readily to a treatment with spirits of camphor. Soak for a while in camphor, then wash in pure water.

A little butter in apple, cherry or peach pie improves the flavor.

When cushion covers become faded, if they are of strong material they may be used for bags for holdings dusters and cleaning rags. Tack onto inside of cellar door or in any convenient place.

To quickly cut sweet corn to dry or can, use the slaw cutter, as it can be made to cut fine or coarse.

## NOBODY KNOWS BUT MOTHER.

Nobody knows the work it takes "To keep the home together; Nobody knows the steps it takes, Nobody knows but mother."

Keep a small basket handy. In it place the things to be taken up stairs when you are going up, and when you are making the beds and dusting, the things which are to be brought down. "Make your head save your heels."

Think, in making trips to the pantry, cellar or ice box, if you cannot

both take things and bring others on the same trip.

Keep a chair or revolving stool in the kitchen and, wherever possible, sit down to work. Vegetable paring, cake beating and many other tasks may be done sitting.

Have a method in your work. Occasionally take time to sit down and think over the day's work, and remember how many unnecessary steps you took yesterday.

Have your kitchen shelves arranged to suit your own height, so that there is no unnecessary straining to reach up or bending over to reach one set too low.

Two maxims that will help housekeepers simplify their work are: "A place for everything, and everything in its place," and "Plan your work, then work your plan."

## THE TABLE.

Little Turkeys—Four pork chops cut thick, two cups bread crumbs, one medium-sized onion, small piece of any kind of liver (beef, lamb or pork), or one or two oysters cut up small, seasonings. Make pocket in each chop, have the stuffing ready; bread crumbs, onion chopped fine and liver

or oysters, all well seasoned with salt and pepper. Bake an hour in moderate oven. Now the cold days are coming this is a delicious way to serve pork chops when something different is needed.

Nasturtium Salad—Prepare freshly boiled potatoes as for ordinary potato salad. Mix with them, in a bowl previously well rubbed with an onion, tender nasturtium seeds, little dice of cucumber and shreds of sweet green peppers. Salt the whole well. Make a dressing of cream, salt, white pepper and lemon juice stirred in carefully until the cream thickens sufficiently. Mix with the potatoes and place the salad on a platter garnished with nasturtium leaves and blossoms.

Apple Dumping Peanut Butter Crust—Sift together one pint flour, two teaspoons baking powder, one-fourth teaspoon salt. Rub in lightly one-half cup peanut butter, then molasses with ice water as for pie crust; roll out and cut in large squares; lay on each square one pared and cored apple over which sugar and cinnamon have been sprinkled. Wet edges of crust and press together over the apple. Bake as usual.

Lemon Pie—One cup milk, one cup sugar, two eggs, one lemon and two teaspoons flour. Beat this all together and stir into the hot milk. Cook until thick. Have pie crust ready (baked), pour in the hot custard, spread the meringue and brown in hot oven.

For crust take one cup sifted flour, one tablespoon butter and one of lard; mix all with spoon and add enough water to hold together; add little salt if desired.
